Miracles & Memories Ribbon Colors

 The **PINK** symbolizes a soft peaceful demeanor but one strong in the sense of justice. It also represents vulnerability

 The **BLUE** is the color of communication and philosophy, the baby blue in the ribbon symbolizes the honest desire to build a family, the deep embrace of love and affection and compassion for others suffering loss. It symbolizes the true blue loyalty to support others and promote unity.

The **White** color incorporates the qualities of ALL COLORS. It represents the innocence and purity that brings peace and comfort, even in death. White is the color of spirituality. It also symbolizes our unity and compassion for a child, a loss or a life yet to be lived, an adoption yet to be realized.
